*These questions are key for determining where you might be able to build your new facility, or, if you are buying an existing facility, whether you will need to seek a change in use. An engineering and planning firm, site selection specialist, architect, or entitlement specialist can help you not only answer these questions but help set up pre-application meetings with the local planning department, and help you through the approval process as well.*

If you have any questions or wish to discuss this further, please email or call the Alliance and we can assist you with a confidential consultation.
