FORT LEWIS COLLEGE AND LA PLATA ECONOMIC DEVELOPMENT ALLIANCE TO HOST FOUR CORNERS AI CONFERENCE

AI Conference to Explore Industry and Community Applications of Artificial Intelligence

Durango, Colo.— The La Plata Economic Development Alliance and Fort Lewis College are proud to announce the **Four Corners AI Conference**, set for **December 6th, 2024**. This event, free and open to the public, will gather experts, enthusiasts, and newcomers alike on FLC's campus to explore the rapidly growing field of artificial intelligence and its real-world applications across industries.

With sessions tailored for beginners, intermediates, and advanced participants, the conference will provide attendees with valuable insights and hands-on learning opportunities, emphasizing how AI technologies can be utilized to enhance industry operations, improve decision-making, and boost innovation.

"Fort Lewis College and the La Plata Economic Development Alliance are excited to bring this opportunity to our region. AI is reshaping industries across the world, and this event offers a chance to explore how these tools can be applied locally," said Sarah Tober, Executive Director of the La Plata Economic Development Alliance. "Whether for small businesses or larger organizations, this conference will offer actionable insights and a chance to learn from some of the leading voices in AI."

The event will feature keynote speaker Nichole Sterling, CEO of [My Town AI](#) and co-founder of [Women Defining AI](#). Sterling, who also serves as Mayor Pro Tem of Nederland, Colorado, is passionate about utilizing innovative tools to level the playing field for small and rural towns. Her work with My Town AI utilizes AI technologies to inform critical development decisions for small, local governments—helping shape more sustainable and resilient futures for these communities. Her address will highlight the transformative power of AI no matter the industry and its potential to positively impact our world.

Registration for the Four Corners AI Conference is now open. For more information and to reserve a spot for this free event, visit the event website: 4cornersAI.eventbrite.com
